Notes: 1. Per capita calculations are based on libraries that reported the specific item and a nonzero value for population of legal service area.

2. The District of Columbia, while not a state, is included in the state rankings. Special care should be used in making comparisons.

Notes: 1. Per capita calculations are based on libraries that reported the specific item and a nonzero value for population of legal service area.

2. The District of Columbia, while not a state, is included in the state rankings. Special care should be used in making comparisons.

3. Total staff expenditures include salaries and wages and employee benefits. State rankings of employee benefits are not included in this report.

Notes: 1. Per 1,000 population calculations are based on libraries that reported the specific item and a nonzero value for population of legal service area.
2. The District of Columbia, while not a state, is included in the state rankings. Special care should be used in making comparisons.
